Instructions for use

1. turn off the machine and remove the tray (0CB905)
2. wait about 7 min. to cool the plates down to 170 °C – 180 °C (338-356°F)
3. Apply a rag of paper between the working top and the lid as shown in Figure 3.
4. Spray/pour the product on the glass
5. Spread it over the glass for at least 1min to allow the product to activate (it becomes darker and stops bubbling). Use the specific brush (code 0D7015)
6. Using the same brush, spread the product on the upper plate
7. Scrub the upper plate with the same brush
8. Wipe with paper to remove dirt and detergent
9. Rinse with a damp cloth:
 - The glass and the working top
 - The upper plate and the lid

Accessories to be used with the product

0D7015	Brush
0S2057	Trigger for 1LT bottle
0S2058	Extension to facilitate the product dosage

Package and code

6 x 1L bottles – code 0S2292
