### Instructions for use on GourmExpress

1. Push the shutdown icon for 3 sec.
2. wait about 15 min. to the end of cooling phase then switch off and unplug the appliance.
3. Remove the impingement rack.
4. Remove all the debris in the cooking area.
5. Spray S02 degreaser in the cavity and inner part of the door (excluding the upper impingement plate)
6. Allow for soak for 5 min. and scrub the surface with the brush (0D7015 or 095782) or a sponge (0S1808).
7. Wipe with a damp cloth (0S1779) to remove detergent and dirt residue

### Instructions for weekly cleaning of Speedelight cooking chamber

1. After completing the daily cleaning, once a week perform the deep cleaning of the cooking chamber
2. Spray S02 Degreaser all inside the cooking chamber.
3. Allow to soak for 1 min.
4. Wipe with paper to remove detergent and dirt residue.
5. Rinse with a damp cloth (0S1779)
6. Remove the protective paper from the upper plate
7. Fit back the upper plate

### Instructions for use for Grand Cuisine Oven

1. Bring the oven to a temperature of 50 °C (122°F)
2. Spray the product over the whole internal cavity surface
3. Allow to soak for about 10 min.
4. Launch a cleaning cycle
